I'm Sharon. One of my favorite countries to go on vacation is China. After falling in love with the country on the business (生意) trip two years ago, I took my children to China last summer.

We visited three cities, but Xi'an was the most interesting one. This old city is amazing and our children loved to ride bicycles on the famous City Wall. The wall is about 14 kilometers long and it has a very long history. Visitors can rent bicycles there and it is very cheap. And on each corner (街角) you can take a rest and enjoy a bottle of cold water, because it was very hot when we visited it in July. Trust (相信) me, your children will love the trip!

Shop around.

A "sale" price isn't always the "best" price. Some shops may put a sale price on the goods that you want for a limited(有限的) time. Other shops may have a sale price on the goods every day.

Read the sale ads.

Some ads may say "quantities limited", so make sure the shop has the goods you want before you go in.

Think of your time and travel costs.

If something is on sale but the shop is in another town, think about your time and the costs of transportation.

Go online.

If you decide to buy something from an online shop, keep the delivery(递送) costs in mind.

30% of the students go shopping online. 40% use it for games. 30% send e-mails. 60% listen to music or watch movies online. Only 10% use it to study.

I think we can go shopping, play games, send e-mails, listen to music and watch movies online, but we shouldn't spend much time on them. As students, we should make good use of the Internet to study. I usually learn English through online

dictionaries such as Youdao and Bing. I get a lot from them. Sometimes I read the English news around the world.
